

November, 15, 2008

Dear Friends,

Thanksgiving is approaching. We have so much for which to be grateful. Although the most precious blessings are spiritual, we thank the Lord for the privilege and strength to serve Him, for safety on the roads, as well as the pleasure of meeting and fellowshiping with God's people in Iowa, Minnesota and Nebraska. We enjoyed presenting our ministry to nine churches last month.

Andrew had the pleasure of meeting and listening to Dr. Robert Lightner during a Bible conference in one of our supporting churches. During the week of meetings, he challenged several of us pastors and missionaries in a special morning session. During the question and answer time he passed out. The first responders felt he needed to be taken to emergency. There, having forgotten my name, Dr. Lightner called me "brother". The nurse, thinking I was related to him, asked for his date of birth. She was surprised I did not know it. That opened the door to share our faith with her. Thankfully, Dr. Lightner was able to continue and finish the conference meetings.

We are planning our return to the field of France in, January 2009, Lord willing. We are still in need of support. We have presented our ministry in a great number of new churches recently. Some churches have shown interest in partnering with us. Pray for their 2009 church missions budget decisions, as we approach the end of this year.

Pray for People:

- Jean-Paul, Sylvie and Marc who made professions of faith recently in Paris. Pray that they will now grow and consider baptism.
- Three individuals to whom we have presented the gospel while door knocking here in the States.
- Those who have made decisions in our meetings last month, including two individuals who are already in the ministry in the States.

Joyfully and with much gratitude for your interest and support,

Andrew and Wanda Barnes  
Paris, France
