

the Weavers to El Salvador

May-June 2010

Ministry Update

¡Feliz Cumpleaños a la Iglesia Bautista Emmanuel!
Happy birthday to the Emmanuel Baptist Church! We celebrated our official one year anniversary this last week. It is hard to imagine that we have been serving in

El Salvador for over a year already. God has been so good and blessed so much. We celebrated our anniversary with a great Sunday full of special activities. Our choir sang for the first time. Andrea's Wednesday evening kids class presented scripture memory verses.

We presented a video of the past

year and had a great Salvadoran lunch. God blessed with our largest attendance to date with 12 first time visitors as well. A special blessing was to have Elena's physical therapist and her husband in attendance. We invited many in our community and it was such a blessing to see many returning and first time guests. Please pray for the follow up these next couple of weeks as there were several unsaved people in attendance.

Salvation Testimony

In April, we had our first Men and Boys Campout. We camped high in the mountains, a forty-five minute hike to where Guatemala, Honduras, and El Salvador meet. God's creation was beautiful, but more than that was what He did in the hearts of the men and boys from our

church. One young man in his twenties came along with us named Julio, who had only visited our church one time before the trip. We had a day full of activities and a long night of heavy rain. On

Saturday morning, during the invitation of our last service, Julio stood to his feet and expressed that he would like to be saved. Joey had the privilege of leading Julio to the Lord that day on the mountain top. Would you please

pray for Julio that he would be baptized and discipled. He brought his sister to church this past week and we are praying for her salvation as well. Thank you for partnering with us so that we can preach the gospel here in El Salvador. Your labor is not in vain in the Lord.

Family Update

The procedure Elena received in March seems to be helping her muscles to have more flexibility. She will likely have to have another treatment later in the year with a higher dosage. Praise God for His perfect love towards us and for keeping our family safe! Thank you for your prayers as well. God bless you.
